

EAGLE BEND
CAPITAL FINANCING

Fund Your Growth While Streamlining Your Accounting

Accounts receivable financing is purchasing accounts receivable invoices at a discount. If you sell your products or services to markets that pay in 30, 60, 90 or more days, Eagle Bend Capital Financing has a liquidity solution for you. We can finance businesses that are losing money, start-ups or those that are in bankruptcy because we base the factoring on the credit of your customer, not yours. For that reason, it is not considered a debt.
